NC State Law Virtual Meetings

SCRIPT

As chair of the committee, I want to remind everyone that we will be conducting today's meeting pursuant to the new amendments to the Open Meetings Act that apply during states of emergency. The amendments were signed into law on May 4, 2020, and allow public bodies to meet via electronic means. The new law does require, however, that we take all votes via roll call, which we will do today.

Additionally, pursuant to the amendments to the law, all chats, instant messages, texts, or other written communications between members of the board regarding the transaction of the public business during the remote meeting are deemed a public record.

Finally, I will ask all committee members, Board members, and participating staff to please identify yourself before participating in deliberations -- including making motions, proposing amendments, and raising points of order.

Enterprise Risk Management Steering Committee Charter

I. Responsibilities & Duties

The enterprise risk management (ERM) steering committee (the “committee”) shall monitor the risk environment for Winston-Salem State University (the “university”) and provide direction for the activities to mitigate, to an acceptable level, the risks that may adversely affect the university's ability to achieve its goals. The committee facilitates continuous improvement of the university's capabilities around managing its priority risks. In addition, the committee will support the Audit, Risk and Compliance Committee's (ARCC) efforts to monitor and evaluate, as mandated by professional standards and the University of North Carolina System Office's requirements, risks that impact the institution's goals.

Specifically, the committee shall:

- Identify and Prioritize Business Risks: Review the university's risk register in order to understand the current risk environment for the university, including a review of emerging risks, information technology's top risk and mitigation plans, the interrelationships between risks and the context of university's risk appetite;
- Evaluate the Effectiveness of Risk Mitigation Activities: Define and communicate expected results of the ERM implementation committee and risk owners. Review risk mitigating strategies for effectiveness and consistency with the university's risk tolerance;
- Ensure that Gaps in Effectiveness are Addressed for High-Priority Risks: Provide direction for the allocation of resources and assignment of responsibilities for activities addressing business risks; and
- Improve ERM Infrastructure: Provide guidance regarding the ERM infrastructure, including systems, processes and organizational structure.

The committee is not responsible for any day-to-day tasks involved in risk management or the mitigation of any risks; however, individuals on the committee may have specific risk management tasks as part of their primary job at the university.

The above list of activities should serve as a guide with the understanding that the committee may carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal or other conditions. The committee shall also carry out any other responsibilities and duties delegated to it by the University of North Carolina System Office, the Board of Trustees and/or the Chancellor of the university from time to time, related to the purposes of the committee outlined in this section.

II. Membership & Operations

The Vice Chancellors, Director of Athletics, Chief of Staff and Operations Officer, Associate Provost and Chief Information Officer, Chief Marketing and Communication Officer, and the General Counsel of the university shall serve as "voting members".

The committee chairperson will serve as a non-voting, ex officio member of the committee: Committee Chairperson: Chief Audit, Risk, and Compliance Officer. The Senior Associate Provost also serves as a non-voting member.

Each voting member shall have one vote. A simple majority of voting members in agreement can result in actions directed by the committee. The effect of ceasing to be an employee of the university is the automatic

termination as a voting member or member of the committee. It is appropriate that members of the committee have a range of different backgrounds, skills and experiences, having due regard to the operational, financial and strategic risk profile of the university.

~~Other "non-voting members" include:~~

~~Senior Associate Provost; and~~

~~Associate Provost and Vice Chancellor for Student Engagement and Development.~~

The committee may direct internal groups and/or engage outside experts to assist in its responsibilities. The committee will report, through the Chief Audit, Risk, and Compliance Officer, regularly to the ARCC of the university's board of trustees following meetings of the committee regarding current status of risk and action items.

III. Meetings & Attendance

- The committee should meet at least four times (quarterly) per year. Additional meetings may be held as the work of the committee demands or if requested by the Chancellor, a university board of trustees' member, external auditor or internal auditor. The chairperson of the committee or a majority of the members (in the chairperson's absence) may call a special meeting of the committee.
- As necessary or desired, the chairperson may invite members of the ERM implementation committee and/or risk and control owners to be present at meetings. The committee may also exclude from its meetings any person it deems inappropriate for such meeting(s).
- In lieu of detailed minutes, for each meeting, a summary of attendees and any action items or key decisions will be prepared and circulated to all committee members that were invited to the meeting.
- Agendas will be prepared for committee meetings. The agenda of each meeting will be circulated, whenever reasonably practicable, to each member prior to each meeting. The following may serve as the standing agenda for all meetings of the committee regardless of whether it is stated in the quarterly agenda:
 - Quarterly review of the university's risk register, paying particular attention to items that have changed since the previous meeting (e.g., risks for which the prioritization has changed, new risks, new mitigation activities, etc.);
 - Reports from others concerning activities related to ERM; and
 - Any other business.

IV. Annual Review

The committee shall have oversight to perform a review and assess, at least annually, the adequacy of this charter and any improvements to this charter that the committee considers necessary or valuable. The committee shall conduct such reviews in such manner as it deems appropriate.
